## ¿Cuál es mi cobertura para medicamentos con receta?

Como parte de su cobertura FirstCare Health Plan, es posible que tenga un beneficio para medicamentos con receta. Este documento lo ayudará a comprender su beneficio para medicamentos con receta y el Formulario de beneficios Essential Health.

No todos los beneficios para medicamentos con receta son iguales. La mejor manera de saber cuál es su cobertura para medicamentos con receta es revisar los *documentos de beneficios de su plan* o llamar al Departamento de Servicio al Cliente de FirstCare.

## ¿Qué es el Formulario de beneficios Essential Health?

Un formulario es una lista de medicamentos seleccionados cubiertos por su plan como parte de su beneficio de salud en consulta con un equipo de proveedores de atención médica. El formulario representa los medicamentos con receta que se cree que son una parte necesaria de un programa de tratamiento de calidad. FirstCare, por lo general, cubrirá los medicamentos que se incluyen en el formulario siempre y cuando estos sean médicamente necesarios y se sigan las reglas del plan. La lista, que se actualiza de manera regular, contiene medicamentos de marca y medicamentos genéricos.

El Formulario de beneficios Essential Health incluye los medicamentos preferidos que están cubiertos por su beneficio de medicamentos con receta. Los medicamentos que no aparecen en el formulario no están cubiertos. Los medicamentos que no se encuentran en el formulario requieren autorización previa o pueden estar sujetos a revisiones clínicas. Los formularios se modifican constantemente para reflejar los últimos avances en la terapia farmacológica; por lo tanto, esta lista no es inclusiva y no garantiza la cobertura. Es posible que el formulario se modifique porque revisamos la información médica nueva relacionada con los medicamentos actuales incluidos y los medicamentos nuevos recientemente aprobados por la Administración de Alimentos y Medicamentos (FDA).

## ¿Cómo se elaboró el formulario y cómo se revisan los nuevos medicamentos?

El Comité de Farmacia y Terapéutica (P&T) se reúne de manera habitual para revisar los nuevos medicamentos aprobados por la FDA y la información nueva sobre los medicamentos que ya se encuentran en el formulario. El Comité, integrado principalmente por médicos, farmacéuticos y enfermeros, revisa la información y la evidencia científica en lo que respecta a la seguridad, la efectividad y el uso actual en la terapia.

### **¿Alguna vez se modifica el formulario?**

Debido a que el Comité de P&T se reúne de manera habitual y revisa la información nueva, es posible que se modifique el formulario. Estas son algunas posibles razones por las que se podría modificar el formulario:

- Aparecen formas genéricas de un medicamento de marca. Es posible que se deje de cubrir un medicamento de marca si aparece uno genérico. El medicamento genérico se puede cubrir con un copago menor.
- El Comité de P&T puede incluir nuevos medicamentos.
- La FDA puede retirar un medicamento del mercado.
- Si un medicamento se encuentra disponible sin receta (se vuelve un medicamento de venta libre), se lo puede retirar del formulario. Por lo general, los medicamentos de venta libre no están cubiertos por el beneficio de medicamentos con receta.

### **¿Cómo me entero de las modificaciones en el formulario?**

Los formularios se encuentran disponibles en nuestro sitio web FirstCare.com y se los actualiza cada trimestre. Para ver las modificaciones en los formularios, consulte el documento *Formulary Updates* (Actualizaciones en los formularios), que se encuentra publicado en el sitio web. Si tiene dudas o desea obtener una copia impresa de los formularios o de los procedimientos de gestión farmacéutica, comuníquese con Servicio al Cliente de FirstCare.

### **¿Qué son los medicamentos de marca y los medicamentos genéricos?**

FirstCare cubre tanto los medicamentos de marca como los genéricos. Los medicamentos que tienen un nombre comercial y están protegidos por una patente (solo puede producirlos y venderlos la compañía que posee la patente) se consideran medicamentos de marca. Los medicamentos genéricos son medicamentos aprobados por la FDA y elaborados para ser iguales a los medicamentos de marca en lo que respecta a forma de dosificación, seguridad, concentración, vía de administración, calidad y características de rendimiento. Generalmente, los medicamentos genéricos son más económicos que los medicamentos de marca, pero la calidad y la efectividad son las mismas. Los medicamentos genéricos pueden diferenciarse de los medicamentos de marca en el color, la forma, el sabor o los ingredientes inactivos. Algunos medicamentos de marca tienen sus equivalentes genéricos y otros, no. Si hay una forma genérica de un medicamento de marca disponible, el medicamento de marca podría dejar de estar cubierto por su beneficio de medicamentos con receta y el medicamento genérico podría estar cubierto con un copago menor.

### **¿Qué es la sustitución genérica?**

La sustitución genérica se da cuando un farmacéutico administra un medicamento genérico aprobado por la FDA en lugar de un medicamento de marca. La sustitución genérica se producirá automáticamente en las farmacias de la red de FirstCare. La persona que receta podría elegir usar un producto de marca y no facilitar la sustitución genérica. De acuerdo con la ley estatal, la persona que receta debe escribir a mano en la receta “marca necesaria” o “marca médicamente necesaria”. Esto no garantiza la cobertura. Es posible que el producto de marca no aparezca como un medicamento cubierto en el formulario y, por lo tanto, no esté cubierto por su beneficio de medicamentos con receta.

### **¿Qué son los medicamentos especializados?**

Los medicamentos especializados son aquellos que se usan para tratar afecciones complejas o crónicas que generalmente requieren monitoreo minucioso, como la esclerosis múltiple, la hepatitis, la artritis reumatoide y el cáncer. Los medicamentos especializados se pueden autoadministrar en el domicilio mediante inyecciones (bajo la piel o en el músculo), por inhalación, por vía oral o en la piel. Estos medicamentos también pueden requerir una manipulación especial, procesos de fabricación especiales y ser de receta limitada o de disponibilidad limitada en las farmacias.

### **¿Qué son los procedimientos de gestión farmacéutica?**

Los procedimientos de gestión farmacéutica son procedimientos que ayudan a garantizar el uso seguro y adecuado de los medicamentos y el acceso a opciones terapéuticas rentables. Como parte de tales procedimientos, se podrían implementar restricciones en determinados medicamentos (estas se describen en la siguiente sección).

### **¿Hay alguna restricción en mi cobertura?**

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales en la cobertura. Estos requisitos y límites podrían incluir las revisiones de seguridad, los límites de cantidad, la autorización previa y la terapia escalonada, entre otros. Consulte la inscripción para obtener la lista completa de requisitos. Todas las restricciones entran en vigencia al comienzo de año del plan, a menos que se especifique lo contrario en el documento *Actualizaciones en los formularios*.

### **¿Cómo solicito una excepción al Formulario de beneficios Essential Health?**

Usted, un representante o la persona que receta pueden enviarle a FirstCare una solicitud de excepción al formulario. Por ejemplo, si existen razones clínicamente

significativas por las que usted no puede tomar un medicamento de acuerdo con los requisitos de cobertura (p. ej., terapia escalonada, límites de cantidad, etc.), se puede enviar una solicitud de excepción para que se revise el caso. Además, si usted 1) ha probado con las alternativas del formulario o existen razones clínicamente significativas por las que las alternativas no serían apropiadas para su afección específica, 2) el medicamento solicitado es médicamente necesario y 3) el medicamento no está excluido de la cobertura, se puede enviar una solicitud de excepción de cobertura de un medicamento que no está incluido en el formulario para que se revise el caso.

Para solicitar una excepción, usted, un representante o una persona que receta pueden enviarle a FirstCare una solicitud de cobertura a través de FirstCare.com, por fax, por correo o por teléfono. Se les informará la decisión por escrito a usted y a la persona que le receta. Si se aprueba la solicitud, el medicamento estará cubierto con el copago correspondiente. Si esta es rechazada, puede adquirir el medicamento abonando el costo total. Si tiene preguntas acerca de este procedimiento, comuníquese con Servicio al Cliente de FirstCare.

### **¿Qué medicamentos no están cubiertos por mi beneficio de medicamentos con receta?**

Consulte los *documentos de beneficios de su plan* para conocer la cobertura completa del plan, las limitaciones y las exclusiones inherentes a su beneficio de medicamentos con recetas.

Por lo general, los medicamentos de venta libre y los productos herbales no están cubiertos por los planes de beneficios.

### **¿Qué cantidad de medicamentos cubre mi copago? ¿Cubre mi plan los medicamentos de mantenimiento?**

Puede recibir un suministro de medicamentos de hasta 30 días por un único copago. Tenga en cuenta que los medicamentos con un límite de cantidad restringen la cantidad de medicamentos que puede recibir por receta o por copago. Por ejemplo, las categorías que incluyen medicamentos que se toman durante poco tiempo, como los antibióticos, los antivirales y la mayoría de los medicamentos tópicos, se encuentran disponibles en suministros de 30 días.

Los medicamentos de mantenimiento son medicamentos que se recetan para afecciones crónicas o a largo plazo y que se toman de forma periódica y recurrente. Para obtener este beneficio, la persona que receta debe extender la receta por 3 meses y el medicamento debe ser un medicamento de mantenimiento cubierto. Su plan de beneficio de medicamentos con receta podría no facilitar ciertos productos o categorías, como los opioides, la testosterona, los agentes del sueño, las benzodiazepinas, los

medicamentos especializados, y los medicamentos con límites de cantidad que deben ser surtidos como mantenimiento.

### **¿Cómo puedo ahorrar dinero en las recetas?**

Revise los documentos de beneficios de su plan para conocer más acerca de los copagos por recetas y la información sobre los deducibles. Los medicamentos genéricos, por lo general, serán la opción que tiene el copago más bajo; pregúntele a su proveedor o farmacéutico si su receta se puede surtir con un medicamento genérico.

Lleve este formulario con usted cuando visite a su proveedor para confirmar que los medicamentos estén cubiertos por el beneficio de su plan de medicamentos con receta. Su proveedor podrá revisar las categorías de medicamentos para ver si existen posibles opciones con copagos más bajos al recetarle un medicamento.

### **Cobertura de anticonceptivos**

Según se especifica en la reforma del sistema de salud, las mujeres deben tener acceso a una amplia gama de métodos anticonceptivos aprobados por la FDA, y los planes deben cubrir, sin costo compartido alguno, al menos una forma anticonceptiva en cada uno de los métodos identificados por la FDA. Sin embargo, los planes pueden usar una gestión médica razonable dentro de cada categoría para determinar qué productos anticonceptivos están disponibles a un costo compartido de \$0.

- Consulte la lista de medicamentos preventivos (PV) que aparece en el formulario para determinar cuáles son los anticonceptivos disponibles a un costo compartido de \$0.
- Ciertos anticonceptivos de venta libre (OTC) para mujeres también podrían estar cubiertos a un costo compartido de \$0. Estos se deben surtir en una farmacia de la red con una receta de un profesional de la salud.

La cobertura puede variar según su plan. Consulte los documentos de beneficios correspondientes de su plan.

### **Medicamentos de atención preventiva y medicamentos cubiertos según la reforma del sistema de salud**

Los medicamentos de atención preventiva y otros medicamentos cubiertos según la reforma del sistema de salud están cubiertos de acuerdo con los beneficios de su plan. Estos medicamentos se encuentran incluidos como medicamentos preventivos (PV). Tenga en cuenta que esta lista está sujeta a modificaciones.

Para obtener este beneficio, debe surtir sus recetas en una farmacia de la red con una receta de un profesional de la salud (incluye medicamentos con receta y de venta libre).

**Cobertura de medicamentos para dejar de fumar**

Todos los medicamentos para dejar de fumar aprobados por la FDA, incluidos los medicamentos con receta y los de venta libre, son proporcionados a un costo compartido de \$0, de conformidad con la Ley de Protección al Paciente y Cuidado de Salud Asequible (PPACA). Usted está limitado a dos intentos para dejar de fumar al año, hasta 180 días en total. Estos medicamentos se encuentran incluidos como medicamentos preventivos (PV). Tenga en cuenta que algunos medicamentos podrían estar sujetos a terapias escalonadas o a autorizaciones previas.

Para obtener este beneficio, debe surtir sus recetas en una farmacia de la red con una receta de un profesional de la salud (incluye medicamentos con receta y de venta libre).

**Programa de surtido dividido para oncología oral**

Las recetas para los medicamentos incluidos en el programa de oncología oral tendrán un límite de un suministro de 2 semanas para los 2 primeros meses de terapia.

## Reading your formulary

The formulary gives you choices so you and your doctor can determine your best course of treatment. In this formulary, brand-name medications are shown in UPPERCASE (for example, CLOBEX) and generic medications in lowercase (for example, clobetasol).

### Tier information

Using lower tier or preferred medications can help you pay your lowest out-of-pocket cost. Your plan may have multiple or no tiers.

Drug Tier	Includes	Helpful Tips
<b>Tier CM</b>	 <b>Oral Chemotherapy</b>	Oral chemotherapy drugs may have a designated copayment or coinsurance based on state laws or client preference.
<b>Tier 1</b>	\$ <b>Generic</b>	Use Tier 1 generic drugs, instead of brand name drugs, to help reduce your out-of-pocket costs.
<b>Tier 2</b>	\$\$ <b>Preferred</b>	Preferred brand-name drugs will generally have lower copayments than non-preferred brand-name drugs.
<b>Tier 3</b>	\$\$\$ <b>Non-Preferred</b>	Many Tier 3 drugs have lower-cost options in Tier 1 or 2. Ask your doctor if they could work for you.
<b>Tier 4</b>	\$\$\$\$ <b>Specialty</b>	Tier 4 is generally highest in copayment and cost. These drugs are sometimes used to treat complex and chronic conditions and may require special monitoring and handling.

### Drug list information

In this drug list, some medications are noted with letters next to them to help you see which ones may have coverage requirements or limits. Your benefit plan determines how these medications may be covered for you.

<b>M</b>	Authorized generic or co-branded product
<b>PA</b>	<b>Prior Authorization</b> – Your doctor is required to provide additional information to determine coverage.
<b>PV</b>	<b>Preventive drugs</b> – May have coverage and no copayments when health care reform requirements are met.
<b>PV*</b>	<b>Preventive drugs</b> – Available at \$0 if prior authorization is approved.
<b>QL</b>	<b>Quantity Limit</b> – Medication may be limited to a certain quantity.
<b>ST</b>	<b>Step Therapy</b> – Trial of lower-cost medication(s) is required before a higher-cost medication can be covered.

<b>Otic Agents</b>		
acetic acid otic	1	
CIPRO HC	3	
CIPRODEX	2	
ciprofloxacin hcl otic	1	ST
ciprofloxacin-dexamethasone	1	
CORTISPORIN-TC	3	
flac	1	
fluocinolone acetonide otic	1	
hydrocortisone-acetic acid	1	
neomycin-polymyxin-hc otic	1	
ofloxacin otic	1	
<b>Respiratory Tract/Pulmonary Agents</b>		
acetylcysteine inhalation	1	

Drug Name	Drug Tier	Notes
acetylcysteine intravenous	1	
ADEMPAS	4	PA; QL
ADVAIR HFA	2	QL
albuterol sulfate hfa	1	QL
albuterol sulfate inhalation	1	QL
albuterol sulfate oral syrup	3	
alyq	4	PA; QL
ambrisentan	4	PA; QL
aminophylline	1	
ANORO ELLIPTA	2	QL
arformoterol tartrate	1	QL
ARNUIITY ELLIPTA	2	QL
ATROVENT HFA	3	QL
AUVI-Q INJECTION SOLUTION AUTO-INJECTOR 0.1 MG/0.1ML	3	QL
azelastine hcl nasal	1	QL
azelastine-fluticasone	1	QL
benzonatate	1	
BETHKIS	4	
bosentan	4	PA; QL
BREO ELLIPTA	2	QL
BROVANA	3	QL
budesonide inhalation	1	QL
carbinoxamine maleate oral solution	1	
carbinoxamine maleate oral tablet 4 mg	1	
cetirizine hcl oral solution	1	
clemastine fumarate oral tablet 2.68 mg	1	
COMBIVENT RESPIMAT	2	QL
cromolyn sodium inhalation	1	
cyproheptadine hcl oral	1	
DALIRESP ORAL TABLET 500 MCG	3	PA

Drug Name	Drug Tier	Notes
desloratadine	1	
dexchlorpheniramine maleate oral	3	
di-phen	1	
diphen oral elixir	1	
diphenhydramine hcl injection	1	
diphenhydramine hcl oral elixir	1	
ELIXOPHYLLIN	2	
epinephrine (anaphylaxis)	1	
epinephrine injection solution auto-injector	1	
epoprostenol sodium	4	PA
FLOVENT DISKUS	2	QL
FLOVENT HFA	2	QL
flunisolide nasal	1	QL
fluticasone propionate nasal	1	
fluticasone-salmeterol inhalation aerosol powder breath activated 100-50 mcg/dose, 250-50 mcg/dose, 500-50 mcg/dose	1	QL
FLUTICASONE-SALMETEROL INHALATION AEROSOL POWDER BREATH ACTIVATED 113-14 MCG/ACT, 232-14 MCG/ACT, 55-14 MCG/ACT	1	QL
formoterol fumarate inhalation	1	QL
hydrocodone-homatropine	1	PA; QL
hydromet	1	PA; QL
INCRUSE ELLIPTA	2	QL
ipratropium bromide inhalation	1	QL
ipratropium bromide nasal	1	

Drug Name	Drug Tier	Notes
ipratropium-albuterol	1	QL
isoproterenol hcl injection	1	
KALYDECO	4	PA
levabuterol hcl inhalation	1	QL
levocetirizine dihydrochloride oral	1	
mometasone furoate nasal	1	QL
montelukast sodium oral	1	
NUCALA	4	PA; QL
OFEV	4	PA
olopatadine hcl nasal	1	QL
OPSUMIT	4	PA; QL
ORENITRAM	4	PA
ORKAMBI	4	PA; QL
PERFOROMIST	3	QL
PROAIR HFA	2	QL
PROAIR RESPICLICK	2	QL
promethazine hcl injection	1	
promethazine hcl oral	1	
promethazine hcl rectal	1	
promethegan	1	
PULMICORT FLEXHALER	2	QL
PULMOZYME	4	PA
ryvent	1	
SEREVENT DISKUS	2	QL
sildenafil citrate intravenous	4	PA
sildenafil citrate oral suspension reconstituted	4	PA; QL
sildenafil citrate oral tablet 20 mg	4	PA; QL
sodium chloride inhalation	1	
SPIRIVA HANDIHALER	2	QL
SPIRIVA RESPIMAT	2	QL
STIOLTO RESPIMAT	2	QL
SYMBICORT	2	QL

Drug Name	Drug Tier	Notes
tadalafil (pah)	4	PA; QL
THEO-24	3	
theophylline	1	
theophylline er	1	
tobramycin inhalation	4	
TRACLEER 32 MG	4	PA; QL
TRELEGY ELLIPTA	2	QL
treprostinil	4	PA
TUZISTRA XR	3	PA; QL
TYVASO	4	PA; QL
TYVASO REFILL	4	PA; QL
TYVASO STARTER	4	PA; QL
UPTRAVI ORAL	4	PA; QL
VELETRI	4	PA
VENTAVIS	4	PA; QL
VENTOLIN HFA	2	QL
wixela inhub	1	QL
zafirlukast	1	
zileuton er	3	ST
<b>Skeletal Muscle Relaxants</b>		
baclofen intrathecal solution	1	
baclofen oral	1	
carisoprodol oral	1	
chlorzoxazone oral tablet 500 mg	1	
cyclobenzaprine hcl oral	1	
dantrolene sodium intravenous	1	
metaxalone	1	
methocarbamol injection	1	
methocarbamol oral	1	
orphenadrine citrate er	1	
orphenadrine citrate injection	1	
revonto	1	
tizanidine hcl oral	1	
<b>Sleep Disorder Agents</b>		
armodafinil	1	PA; QL

Drug Name	Drug Tier	Notes
BELSOMRA	3	ST; QL
doxepin hcl oral tablet	1	QL
eszopiclone	1	QL
HETLIOZ	4	PA; QL
modafinil	1	PA; QL
ramelteon	1	QL
SUNOSI	2	PA; QL
temazepam	1	QL
zaleplon	1	QL
zolpidem tartrate er	1	QL
zolpidem tartrate oral	1	QL

## Index of Drugs

abacavir sulfate.....	22	AEROCHAMBER PLUS		amcinonide.....	37
abacavir sulfate-lamivudine	22	FLOW VU.....	46	amethia.....	39
abacavir-lamivudine-		AEROCHAMBER		amethyst.....	39
